LOCK 84 · THE REACH AT PICCADILLY

BOTTOMLESS SATURDAYS

Every Saturday, we give the afternoon over to it. **One dish each from the kitchen, and ninety minutes of drinks that keep coming until you say stop.** Not the most productive way to spend a Saturday in Manchester, and comfortably the best.

The muffin takes its name from the city, the lager is brewed in it, the IPA is ours, and the coffee is roasted by our neighbours in Stockport. Saturday is a local affair.
